

Second Air Division Association

April 1952

Dear TROOPS:

Our good president, Ray Strong, has just written to inquire if it was my writing arm that was broken instead of my leg. The only way I can prove to him - and to you - that rigor mortis has NOT set in and that my landing gear is now in good repair is to start rolling on the 2AD news letters. Put your glasses on, sit back, and relax whilst you read an account of the reportable happenings at the reunion in New York and a preview of what is to come.....

1951 REUNION REVIEW

The fourth annual get-together at the Hotel New Yorker on October 19, 20 and 21, 1951, afforded a wonderful opportunity to continue and renew friendships begun, in some instances, almost a decade ago. By any standard, it can be reported as a huge success. Just ask any of those who attended. Many familiar faces were missing, it is true, but we're expecting ALL the old faithful members to come to Chicago this October - and bring with them others who have not come before.

As you all know, our honorary president, General Kepner, is now Commander-in-Chief of the Alaskan Command with headquarters at Fort Richardson. To the invitation to join with us last October, he sent the following regrets: "With my present station in Alaska, it is obviously impossible for me to be present when you have your next reunion, and I shall miss it as I did the last. I'm sure you will have a grand reunion and if you see anyone who happens to remember the old General who once commanded them, tell them I said "Hello and God bless them all." We are hoping General Kepner will be able to be with us in Chicago next October.

A vote of appreciation is due the 1951 officers and members of the convention committee for the time and effort well spent to make the occasion one to remember long - and to the New York Area members for their wonderful hospitality. All we can say is: "Come to Chicago and get it back."

For the sum of \$2.00, Drucker-Hilbert Co., Inc., 106 West 43rd Street, New York 18, N.Y., will send you a photograph of the reunion banquet. To aid identification, the roster of those attending is given in the order the troops are seated in the photograph:

The Second Air Division Memorial in Norwich was a subject of discussion. A committee composed of Charles F. Bookwalter, Chairman, Frederick V. P. The committee is to make an interim report this month and the news will be passed on to you in the next news letter.

1952 REUNION PLANS

Arrangements have been made for the 1952 reunion to be held at the Sherman Hotel in Chicago the weekend of October 24-25-26. Tentative reservations have been made for registration, cocktail party, business meeting, banquet, dance and frequent bull sessions with mild and bitters or whatever cheering cup you prefer.

Before firm arrangements can be made, we need to know whether you are planning to come (makes some difference, you know, whether we plan for one hundred or five hundred) and what sort of activities you prefer. To assist the committee with their planning (and this needs to be done AT ONCE), to help our auditor verify our membership records, to check our mailing list, and to furnish news and address changes, won't you please return the enclosed form IMMEDIATELY. Make your check or money order for dues payable to Henry X. Dietch, Treasurer, Second Air Division Association. Mail the form with your dues to Fritzie (Major Marilyn Fritz, P. O. Box 319, Abilene, Kansas) or to Raymond E. Strong (33A Glen Lennox, Chapel Hill, North Carolina). News items, address changes and convention answers will be distributed to the proper points. Dues payments will be forwarded promptly to Henry who will send your receipt and membership card. Whatever your answer - PLEASE LET US HEAR FROM YOU!!!

NOTE: Fritzie has a few copies of the previous letters and the mailing list. They are available to those who ask for them - first come, first served basis as long as they last.

General Kepner writes: "Alaska is a particularly interesting place. If one likes to fish or hunt, it's grand. In the ten months that I have been here, (this letter was written last June) I have gone fishing many times and caught many huge trout. Huge for me, that is--about four to six pounds. I got my limit all too soon. The ducks and geese form clouds in the sky and it is so easy to have a grand day hunting. The only trouble is that all limits are too small. I shot a moose weighing about twelve hundred pounds last Fall. During the winter I was forced down on the Arctic Ice Cap while I was hunting polar bears. I slept the night in a temperature of thirty-five degrees below zero with a twenty-five knot wind blowing. It wasn't too bad. I was in a nice warm sleeping bag and had an Eskimo who helped me build an igloo out on the ice. I did get a polar bear about nine feet long--a beautiful specimen. Last week I got a ten foot, four inch Kodiak bear. Believe me, those bears are full of dynamite and vitality. It is a good feeling to see them go down when you shoot as they sometimes take after the hunter when only hurt. Since I am back, that is proof that the bear went down--all ten feet of him".....John Karoly insists all the "pickhandlers" MUST show up in Chicago in October to give the native Chicagoans something to talk about--and that he promises AFTER the two political conventions this summer which should have them talked out.....

He was midwest buying heavy machinery for overseas shipment and thinking his firm might send him to South America soon.....Larry Hawkins called between flights (the Chicago to Miami run) to say he is still on the regular Miami to New York run. For a time, he had the Miami to Detroit flight and got to see John Tate occasionally. Says John and Cadillac are still good friends.....Caroline (Brownie) Schauffler writes from Montana that she has been teaching kindergarten at Eastern Montana College of Education. She and Dick bought a canoe much to the horror and amazement of the natives. She reports white water canoeing on the Yellowstone River a thrilling sport which few people have tried since the days of Lewis and ClarkMaj Gen Francis H. Griswold, now Military Director for Production and Requirements, Department of Defense Munitions Board, will become Commanding General, Third Air Force, United States Air Forces in Europe on 5 May.....Fritzie was making a farewell visit to the Recruiting Department of The Adjutant General's School at Fort Benjamin Harrison, Indiana, last week when in walked 1st Lt.
