

Recd 29.VIII.68

NEWSLETTER

May 1968

Dear Troops,

Words cannot adequately express how great an apology I owe each and every one of you for the seemingly complete disregard for the publication of the Newsletter during the past year. This has cast an unfavorable impression against the officers of the Association which I would very much like to rectify and assure you that this is not the case. They couldn't be better and the blame is entirely mine.

If I had known the problems and pressures that I was going to be under since last September, I never would have accepted the Publicity Vice Presidency. I have enjoyed doing the Newsletter because I felt as though I knew each one of you personally through the years even though I have never met most of you and also because of my deep love and belief in the 2nd Air Division Association because of what it stands for and what it has accomplished.

I know that most of you are aware of the fact that my little daughter who will be five on 1 July was born without the ability to manufacture cortisone in layman's language and now it has been determined that she is a salt-loser also. This has been the reason for my inability to publish the Newsletter when it was due and also for this reason I must resign as Publicity Vice President. I do so with deep regret and hope you will accept my heartfelt apology for my neglect of you which was not intentional and maybe sometime in the future when my problems are behind me I can again contribute my share of responsibility to the 2nd Air Division Association.

Hathy Veynar, Publicity Vice President
